The Lottery System

Mark your first choice with 1, second with 2, etc. Leave blank ones you are not interested in or are not the right age range for your child. Your child will be entered in the lottery for their first choice first, and if they do not get a spot, they will then be entered in the lottery for their second choice, etc. Unless there are remaining spots in camps by the priority deadline of March 11, each child will receive a spot in only one camp. The exception is the one day Printmaking Workshop (participants may also enroll in Outdoor Engineers). Siblings who request the same camp will automatically be entered in the lottery together unless otherwise requested.
